

100% VEGETABLE ORIGIN pea protein isolate

phyto protein

88% PROTEIN

Protein is essential for the support of lean muscle mass, immune function, energy levels, weight control and is the basis for all enzyme activity for basic body maintenance and detoxification.

'Phyto Protein' is extracted from Golden Peas and has the most balanced amino acid profile of any plant based protein and the highest bio-availability. The protein bio-availability is ensured by a new breakthrough patented enzyme process that allows access to the full amino acid profile.

'Phyto Protein' is ideal for use in sports, weight control or as a source of valuable amino acids, especially suitable for vegetarians and vegans. 'Phyto Protein' is an ideal nutritional companion to 'Vital Greens'.

Its carbohydrate level is exceptionally low. It has a smooth texture, excellent solubility and tastes great! 'Phyto Protein' is versatile and delicious in hot or cold drinks, smoothies, baked in cakes, biscuits etc.

- 100% Vegetable Origin • HACCP certified • High digestibility rating (98%) • Balanced amino acid profile • Suitable for vegans and vegetarians • Gluten-free • GMO free • Free from any additives • Free from common allergens such as peanuts, eggs, soy, lactose, any dairy product, sesame seeds, mustard, crustaceans • Low fat • Very low carbohydrate level
